Bring your lunch and/or some cash for Coby's bacon & egg pie

Some rules and guidelines to note please:

- **The range is a working farm thus dogs are strictly not permitted**
- **Fouling shots will be permitted at the first range each day, these will be part of the shooter's time at that range**
- **As soon as you've finished your shoot, take all your gear to your vehicle (or well away from the mound) then return to score on the board**
- **Please do not leave any gear around the scoring area – there's not much space and we don't want anything accidentally kicked**
- **After verifying the total with the scheck-scorer, only the scorer may clear the shooter's string on the device (after a reasonable time to allow the shooter to take their screen shot)**

Please return engraved and polished trophies!
